CERTIFICATION APPLICATION and COVER LETTER

Dear Affordable Housing Applicant:

Thank you for inquiring about affordable housing with Burlington Township. We currently administer a number of purchase only units throughout Burlington Township. However, we receive a greater number of applications than there are units available, so placement in a unit is often not immediate.

In order to be eligible for an affordable housing unit, you must meet certain income limits as determined by the New Jersey Council on Affordable Housing. Income limits are determined by region. Our housing units are located in Region 5, which includes the following counties: Burlington, Camden and Gloucester. Income limits can vary from year to year and depend upon the number of persons in the household. The income limits for our Region are attached for your review.

If you believe you fall within these income limits, fill out and submit this application for certification to our office. If certified, by our office as an income eligible applicant you will eventually be required to become Pre-Qualified for a mortgage by a Bank, Mortgage company or Lending Institution, since we only have for purchase only properties.

Also, it is important that you provide all the applicable documentation listed on the attached checklist. We need this information to verify your income and household size. Failure to do so will eliminate our ability to qualify you for future consideration.

In order to be considered as an applicant, please return this application and all required documents to our office within the next thirty (30) days.

Please remember that all applications and documents are held in the strictest confidence. If you have any further questions please contact us at (609) 239-5815.

Moderate income is between 80 and 50 percent of the median income. Low income is 50 percent or less of median income. Very low income is 30 percent or less of median income.

* These columns are for calculating the pricing for one, two and three bedroom sale and rental units as per N.J.A.C. 5:80-26.4(a).

** This column is used for calculating the pricing for rent increases for units (as previously calculated under N.J.A.C. 5:97-9.3 (Consumer price index for All Urban Consumers (CPI-U): Regions by expenditure category and commodity and service group). Landlords who did not increase rents in 2015, 2016, 2017, 2018 or 2019 because of the lack of authority to do so, may increase rent by up to the applicable combined percentage including 2020 or 9.0% whichever is less in accordance with N.J.A.C. 5:97-9.3(c). In no case can rent for any particular apartment be increased more than one time per year.

*** This column is used for calculating the pricing for resale increases for units (as previously calculated under N.J.A.C. 5:97-9.3). The price of owner-occupied low and moderate income units may increase annually based on the percentage increase in the regional median income limit for each housing region. In no event shall the maximum resale price established by the administrative agent be lower than the last recorded purchase price.

Low income tax credit developments may increase based on the low income tax credit regulations.

**** The Regional Asset Limit is used in determining an applicant's eligibility for affordable housing pursuant to N.J.A.C. 5:80-26.16(b)3.
